*Providing Support for the Community*

*for 40 Years: 1976-2016*

*Written by Janice M. Lettick, Distribution Committee Member*

In 1976, the late Honorable Charles Flynn established The Orange Foundation with \$300 in seed money. Forty-years later, The Orange Foundation continues to be a source of financial support for many Orange organizations and college students. The Foundation has grown and today includes 4 grant funds and 12 scholarship funds, with a fund distribution of **\$627,021**. The \$300 in seed money remains in the fund balance as only the monies earned in interest are distributed each year; the principle remains intact. In February of this year, Judge Flynn passed away at the age of 94. He served as the first Judge of Probate for the District of Orange and was an outstanding public servant.

In announcing the 2016 grant and scholarship recipients, The Orange Foundation Distribution Committee noted that the selection process was particularly difficult again this year on the scholarship side because of the decrease in funds available for distribution and the increase in qualified applicants. Five Orange students were awarded scholarships totaling \$5,800. In addition, one student of Ukrainian heritage from Ansonia is the recipient of the \$9,000 *Frank P. and Louise Horbal Tripp* scholarship and one student from Orange is the recipient of the 2,394 American Legion Post Scholarship. The Foundation awarded 12 grants, totaling \$11,560, to support the work of organizations benefiting Orange residents. Over the

past 39 years the Foundation has distributed **\$185,326** in grants and **\$441,695** in scholarships; a total of \$627,021.

## **HOW TO HELP US GROW THE ORANGE FOUNDATION**

The Orange Foundation supports a wide-variety of community groups, programs and students and is dependent upon donations from Orange residents to sustain the financial growth of the Foundation which in turn allows for the continued support of programs and services benefiting Orange residents.

The Foundation is asking those who are able, to make a donation. For those who may be reluctant to donate due to concerns about future financial needs, an option that addresses those concerns is to consider updating your will, allocating 10% of your estate to charitable organizations such as The Orange Foundation. In this way, financial concerns are allayed and the 10% reduction in the inheritance will not negatively impact the beneficiaries.
